Middle Grades After School Programs

Tuesdays

Engineering, Math, Science) & GISE (Guys in Science and Engineering) (Grades 4-8) - For all students interested in science and math, this is the class for you! Everyone who works at Google, Facebook, the people who invented the iPad, are all awesome at both subjects. Maybe one day you'll work with them! **Students must attend all days.**
Led by Mr. Jensen & Ms. Claire Weiss

Classes Are FREE!

Debate Team (Grades 6-8)- In debate, students learn and debate on the National Debate Tournament against other middle schools from the Metro area. Students will develop their research, writing, and critical thinking skills in after school sessions and will participate in after school tournaments. The 2016-17 Middle School debate season begins on November 14th and finish with the National Debate Tournament during March. Students will build on core debate skills during the season and will be heard their voices as young debaters, a skill that will set them on the path to success in school and beyond. **Led by Mr. Quincy Lewis**

Sports (Grades 6-8)- Join in to play in the tournament sports of Basketball, Soccer, and Volleyball. We will also be playing other fun games like Big Base, Dodgeball, and Capture the Flag. **WORK makes the Dream Work! Led**

Wednesdays

GEMS (Girls Engineering, Math, Science) & GISE (Guys in Science and Engineering) (Grades 4-8) - For all students interested in science and math, this is the class for you! Everyone who works at Google, Facebook, the people who invented the iPad, are all awesome at both subjects. Maybe one day you'll work with them! **Students must attend all days. Led by Mr. Jensen**

YWCA Girls INC (Grades 5-6)- Are you a girl in 5th or 6th grade? Join in the excitement of the YWCA Girls Inc. Program! In this girls- only group you will create a community action project, master fun math and science experiments, learn about the power of money, and explore healthy decision making. Girls get to learn from one another during group sessions and after school field trips. Our mission is to empower girls and eliminate racism by inspiring all girls to be strong, smart, and bold. You don't want to miss out! **Led by YWCA Youth Counselor**

Sustainability Team (Grades 5-8)- Schools produce a lot of waste! Where does it go? How does it affect our neighborhood, city, country, and world? What can we do to reduce our waste? What can we do to help our waste be useful again? This class will explore social science and physical science. We will learn about recycling, organic recycling, water, and electricity. We will be student leaders to help our school manage our waste responsibly! **Led by Ms. Richardson**

Classes are ALL FREE!

Thursdays

GEMS (Girls Engineering, Math, Science) & GISE (Guys in Science and Engineering) (Grades 4-8) - For all students interested in science and math, this is the class for you! Everyone who works at Google, Facebook, the people who invented the iPad, are all awesome at both subjects. Maybe one day you'll work with them! **Students must attend all days. Led by Mr. Jensen & Ms. Claire Weiss**

Yearbook (Grades 6-8)- Do you like to write? Attending school events? Writing for field trips, class projects, concerts or other events? Want to learn more about graphic design? This class is for you! We will be creating the 2017-2018 yearbook. You will get to work on your writing, organizational and art skills. You will create a yearbook so students and staff can remember this year. **Led by Ms. Richardson**

Scouts (Grades 6-8)- Middle school students are invited to create their own program based on their interests. Start with group goals. The program leader will survey the group to see what they want to do next! Science, environmental education, citizenship, community service, all are included.
